

ROCKETS FOR SCHOOLS

Spaceport Sheboygan

October 2010

**Proudly
Sponsored By:**

Dear Space Enthusiast,

We are pleased to announce the 15th Annual Rockets For Schools Launch on Friday, May 20th, and Saturday, May 21st, 2011. Our program gives middle and high school students a unique opportunity to explore existing careers in science, engineering and aerospace technologies. The Rockets For Schools event takes place in Spaceport Sheboygan, Wisconsin

The program will involve students from Wisconsin, Michigan, Iowa, Illinois and Minnesota. Our event will provide an opportunity for students to:

- Build and launch a 6' long, high-power rocket
- Design, build and fly a payload
- Meet a NASA Astronaut
- Help coordinate launch activities as part of a support team
- Meet aerospace industry professionals
- Interact with many displays in our Aerospace Expo

Students who wish to participate in the event must complete the **Application for Participation**. Please read the application carefully to ensure that you have completed the entire form. The deadline for the application is March 1, 2011. Enclose the appropriate entry fee as indicated on the form, payable to Great Lakes Spaceport Education Foundation, Inc. Due to limited space we can only allow 60 rocket teams to participate. Teams will be accepted on a first come – first serve basis.

We hope that you will be part of this event in Sheboygan. If you have any additional questions, I can be contacted at (920) 458-6299 or email at carol@rockets4schools.org or contact Demetree at (620) 200-8379 or email at dgaines@rockets4schools.org.

Sincerely,

Demetree Gaines &
Carol Lutz, Co-Directors
Rockets for Schools
